

Planning a holiday

Here is some information to help you plan a holiday to Rome, Madrid or New York. You will need to use it to calculate:

- ***The cost of a bus/taxi to and from the airport***
- ***The cost of the return flight***
- ***The cost of the hotel***
- ***The total cost of the holiday***

Most of these costs need to be converted to the local currency as this may save you money.

Before you can calculate anything, you will need to decide on many things, including:

- ***Where you are going***
- ***What date are you travelling on***
- ***How many nights you are staying there***
- ***What time flight you are taking***
- ***How you are getting to the airport***
- ***What time you need set off to catch the flight***

Flight information

Flight costs
